

Safety Pod V4

Specifications

Fabric Specifications:

Base Fabric: High tenacity polyester – 1100dtexyarn
Coating: Flexible plasticized PVC applied to both sides Tensile
Strength: N/50mmWarp2500 N/50mmWeft2360
Tear Strength: NWarp270Weft270
Special Properties: Fire behaviour M2(NFP92507) B1(DIN4102) Fire

Fabric Care:

Use a vacuum cleaner or soft brush to remove dust and solid particles
If soap based cleaners are used, all soap residues must be rinsed from
the fabric. Always try cleaning products on a hidden piece of fabric
to test suitability. Wipe frequently with a damp cloth to maintain the
appearance of the fabric. Remove all stains immediately before they
set. Do not use marker pens on the back of the fabric. All spillages
should be removed immediately with a clean absorbent cloth. Do not
use solvents, chemical agents, waxes or polishes as this will damage
the surface of the fabric. Poorly fixed clothing dyes, e.g. Denim, will
cause permanent staining. Most stains can be removed using cold/
warm water and a clean microfibre cloth. Can be cleaned with mild
Hypochlorite solutions (up to 10,000 ppm of available chlorine -
including Haz Tabs and Chlor-Clean) or Mineral Spirit for infection
control purposes. Stains from products containing oil and grease
should be treated with a spirit based solution. Can be steam cleaned in
situ.

V4 Colour

Black

Available in four different sizes

	Height	Seating Height	Depth
X Small	30"	16"	32"
Small	34"	19"	41"
Standard	36"	22"	47"
XL	Bespoke option please contact for further details		

Disclaimer

Please note that the colour swatches shown may vary slightly from the actual colours
of the printed fabric due to differences in printing processes and material textures.
